WORK EXPERIENCE

Computer Technician

Expedia Group

📅 2021 - current

📍 Seattle, WA

- Diagnosed hardware and software failures across Expedia's corporate fleet, **maintaining a 98% first-contact resolution rate** for employee tickets.
- Provisioned and configured 202 workstations during a company-wide device refresh, completing the rollout 11 days ahead of schedule.
- Deployed McAfee Endpoint Security to all corporate endpoints, reducing reported security incidents by 54% within the first quarter.
- Administered Acronis True Image backup protocols for executive and engineering teams, achieving a 99% data recovery success rate.

IT Support Specialist

Nordstrom

📅 2018 - 2021

📍 Seattle, WA

- Delivered Tier 2 technical support to Nordstrom's retail and corporate staff across 3 Seattle-area locations, sustaining 99% satisfaction survey scores.
- Orchestrated Windows 10 patch deployment cycles for 178 point-of-sale and back-office machines, improving system crash frequency by 64%.
- Maintained server and network infrastructure supporting Nordstrom's inventory management platform, **holding uptime at 97% year over year**.
- Ran quarterly Memtest86 diagnostics on store-floor hardware, flagging 9 failing memory modules before they caused register downtime.

Help Desk Technician

Tableau Software

📅 2015 - 2018

📍 Seattle, WA

- Resolved complex Tableau Desktop and Server issues for enterprise customers, **closing 92% of escalated cases** without further referral.
- Streamlined the team's troubleshooting playbook by consolidating 26 legacy documents into a searchable internal knowledge base.
- Co-authored onboarding guides and FAQ materials for Tableau's customer portal, contributing to a 54% lift in post-interaction satisfaction ratings.
- Traced intermittent connectivity failures using Wireshark packet captures, identifying a misconfigured VLAN that had affected 8 client accounts.
